

## Use of Natural Gas in Hawaii

**Joseph Boivin, Jr.**

Senior Vice President, Hawaii Gas

**MSB 114**

**Wednesday, March 11**

**3:30-4:30 pm Seminar**

### **Abstract**

LNG has been the topic of discussion in Hawaii as the bridge fuel to help Hawaii reach its clean energy goals. Hawaii Gas Sr. Vice President Joe Boivin will outline the Company's plans for this clean and abundant fuel source and its potential uses and users. The presentation will also address the economics of transporting LNG to Hawaii including supply sourcing, logistics and siting
