Seminar

“MIR” SUBMERSIBLES IN DEEP OCEAN OPERATIONS

by

Prof. A M Sagalavitch
Head of Deep manned submersibles Laboratory
Shirshov Institute of Oceanology
Russian Academy of Sciences

Friday, February 26, 1999  3:30 PM  POST 708

Abstract

The presentation highlights the operations of the laboratory in the following areas

- scientific research of hydrothermal fields
- underwater operations on nuclear submarine “Komsomolets”
- filming of “TITANIC” and Japanese submarine “I-52”
